The fastest civil airplane in the world is going to get you where you're going before anyone else. The fact that it gets you back on the ground sooner may be bittersweet, however, because this jet comes with a reimagined, smart plane interior you may never want to leave.

The Citation X cabin has broken the category boundary with one of the widest, most spacious, and most luxurious interiors ever crafted for a Citation. Densely pillowed seats with wide cushions furnish the standard configuration with plenty of head and shoulder room built-in.
